Senior Magento 2 & Headless Commerce Developer

Adobe Certified Magento Developer

Target Roles: Senior Magento Developer | Lead Magento Developer | Headless Commerce Developer

PROFESSIONAL SUMMARY

Senior Magento 2 and Headless Commerce Developer with 6+ years of experience delivering enterprise B2B and B2C commerce platforms on Adobe Commerce and Magento 2. Specialized in composable architecture, React.js storefronts, Magento GraphQL APIs, checkout optimization, ERP/API integrations, and cloud performance engineering. Proven track record designing scalable, high-availability ecommerce systems that improve conversion, operational reliability, and speed to market for international clients.

CAREER HIGHLIGHTS

- Improved Magento integration efficiency by 40% by streamlining API and ERP integration workflows.
- Delivered enterprise Adobe Commerce Cloud implementations for international ecommerce brands.
- Built production-grade headless storefronts with React.js, GraphQL, and Apollo Client.
- Improved storefront speed, resilience, and checkout completion through performance-focused architecture decisions.

CORE COMPETENCIES

- Adobe Commerce Cloud architecture and Magento 2 enterprise development
- Headless Commerce implementation with React.js and GraphQL
- Checkout, cart, and quote customization for conversion and UX optimization
- API integrations, ERP integration, and third-party commerce services
- Performance tuning using Redis, Varnish, Docker, and Magento best practices
- B2B ecommerce workflows, multi-store implementations, and scalable systems

TECHNICAL SKILLS

Magento and Adobe Commerce

Magento 2 CE/EE/Cloud, Adobe Commerce, Custom Module Development, Plugins and Observers, Dependency Injection, Service Contracts, Repository Pattern, EAV, Checkout Customization, Cart and Quote Customization, Multi-store Architecture, GraphQL, REST API, Payment Gateway Integration, Shipping Integration

Frontend and Headless Commerce

React.js, GraphQL, Apollo Client, Tailwind CSS, JavaScript, HTML5, CSS3, Headless Commerce, PWA Concepts, Responsive UI Development

Backend and Data

PHP, MySQL, Web APIs, FastAPI (Basic)

DevOps and Optimization

Docker, Redis, Varnish, Git, Bitbucket, Composer, Magento CLI, AWS (Basics), CI/CD (Basics), Performance Optimization

PROFESSIONAL EXPERIENCE

Echidna Software Pvt. Ltd. - Senior Magento Developer

April 2022 - Present

- Architected and delivered scalable Adobe Commerce Cloud solutions for enterprise ecommerce clients.

- Built custom Magento 2 modules, service contracts, and domain workflows for complex commerce operations.
- Led checkout, cart, PDP, and PLP optimization initiatives to improve conversion and reduce purchase friction.
- Integrated ERP platforms and third-party services using REST and GraphQL APIs for reliable cross-system data flow.
- Improved platform performance and release stability using Redis, Varnish, Docker, and Magento best practices.
- Implemented advanced product configuration and assisted-selling workflows for complex catalog and B2B scenarios.
- Collaborated with product, QA, DevOps, and client teams to deliver maintainable, production-ready releases.
- Drove scalable architecture decisions for multi-store growth, maintainability, and faster feature rollout.

HEADLESS COMMERCE EXPERIENCE

- Developed a complete headless ecommerce storefront using React.js integrated with Magento 2 GraphQL APIs.
- Built PLP, PDP, Cart, Checkout, Login, Registration, and Customer Account modules for composable commerce.
- Implemented GraphQL queries and mutations with Apollo Client for efficient frontend-backend communication.
- Managed guest and customer cart workflows, including cart merge functionality across authentication flows.
- Delivered responsive UI interfaces using Tailwind CSS with reusable component-based patterns.
- Implemented frontend validation and robust API error handling to improve reliability across customer journeys.
- Customized checkout workflows across shipping, billing, coupons, payment methods, and order placement.

Selected Projects: Halco Lighting, GAF, Frontpoint Security

Focus Areas: Adobe Commerce Cloud, B2B Ecommerce, ERP Integration, Checkout Optimization, API Integrations, Performance Optimization

Mavenbird Technologies Pvt. Ltd. - Magento Developer

May 2019 - March 2022

- Delivered Magento enterprise ecommerce solutions across multi-domain and multilingual implementations.
- Executed Magento 1 to Magento 2 migrations with strong focus on data integrity, stability, and feature parity.
- Customized Webkul vendor modules for marketplace workflows and business-specific logic.
- Integrated third-party APIs and external services to extend commerce capabilities.
- Built custom themes and frontend enhancements for responsive, conversion-focused storefront experiences.
- Implemented layered navigation and quick-order flows to improve product discovery and order velocity.
- Customized checkout and end-to-end customer workflows to reduce friction in purchase journeys.

Selected Projects: KitchenRestock, GreenDropShip, Allecon, Jasnor, Pinktown, TPS Racing, UrbanAnts, ELGScreen

CERTIFICATIONS

- Adobe Certified Expert – Adobe Commerce Front-End Developer [Verify Credential](#)
- Adobe Certified Professional – Adobe Commerce Developer [Verify Credential](#)

ACHIEVEMENTS

- Best Developer Recognition at Echidna Software Pvt. Ltd.
- Improved Magento integration efficiency by 40% through optimization of ERP and API workflows.
- Delivered enterprise ecommerce solutions for international clients across diverse business domains.
- Improved storefront performance and customer experience through targeted Magento optimization initiatives.
- Successfully delivered complex Magento integrations and high-impact performance enhancement projects.

EDUCATION

Bachelor of Engineering in Computer Engineering
Gujarat Technological University
